

# Must Read

1. Island and Mud Lake Property Owners Association provides this trailer for members to use on **Island/Mud Lakes only**. Do **NOT** use this trailer on any other body of water in order to prevent the transport of invasive species to Island/Mud Lakes.
2. Be sure to follow all laws/regulations pertaining to trailer towing. While it is trailered, **DO NOT** allow anyone to ride on the pontoon. **DO NOT** tow a pontoon with any vehicle (ATV, etc.) that is not rated to tow the loaded trailer's weight.

3. Be sure to have the pontoon loaded all the way forward on the trailer. Some shorter pontoons may not be able to be loaded all the way forward due to the transom...but do the best you can.

4. Always strap the pontoon to the forward bars of the trailer to prevent it from shifting left or right or from sliding backward.

5. Always be sure the bed is secured in the upper most position with the pin provided when moving a pontoon. **DO NOT** use the trailer without the pin in place because that would cause the strain/load to be entirely on the cable.

6. Please be courteous to your fellow members and use the trailer efficiently to minimize your time and make the trailer available for others to use.
7. Use this trailer **AT YOUR OWN RISK**. The Association is **NOT** responsible for any accidents or damage caused by its use.
8. **YOU** are responsible for any damage to the trailer and will be required to pay for any repairs due to accidents or misuse.
